Academic Policies

<http://www.bentley.edu/offices/international-education/academic-policies#Non-Bentley>

Majors, Minors and LSM

Students must declare their major, minor, and LSM prior to studying abroad. This provides students clear information about their unique degree requirements that can guide them when choosing courses abroad. It also enables staff in the Office of International Education and the Academic Advising Center to more accurately advise students prior to and during study abroad.

Non-Bentley Programs Policy

Bentley students are not permitted to submit an application directly to any Bentley partner university or affiliate organization. To earn Bentley credit, you must apply for admission through the Office of International Education by the stated deadlines. There are no exceptions.
